Event Legacy

Do you like the idea of your event leaving a legacy? Knowing that your event can contribute to meaningful change in both the community and environment? Millennium Hotels and Resorts have partnered with Save the Kiwi, to give you the opportunity to help protect our national icon, while integrating manaaki (care and hospitality) into your next conference.

Save the Kiwi

Every little bit counts towards creating a sustainable future and that's why we're offering a unique way for you to contribute towards providing a meal for our national icon; the kiwi.

Choosing not to have your room serviced during an event helps us to conserve water and energy resources that will be redirected towards helping provide kiwi chicks a safe place to sleep and grow until they reach the all-important 'stoat-proof' weight of 1kg.

For every five rooms that are not fully serviced, we will donate one bed for a kiwi at the Save the Kiwi crèche in Napier on behalf of your organisation.

Activities & Attractions

From team building and incentive trips to partner and tour programs, we will enhance your whole meeting or conference with the ultimate experience tailored to suit your group and budget.

Rotorua is like no other place – its spirit is expressed by the stunning landscape. Stand on active volcanoes, peer into massive craters, see boiling mud, erupting geysers, and enjoy unspoiled native forests that cloak the land. From marine mammal encounters and eco-tourism adventures to cruises and jet-boat rides, there are plenty of ways to check out the region’s crystal-clear rivers and magic scenery.

If you would rather stay dry then there’s a myriad of land and air-based activities on offer too. In the Whakarewarewa village there are carving and weaving schools where you can see Maori craftspeople at work, try a traditional hangi feast – cooked in the steaming ground or join a local Maori guide for a personalised tour of an authentic pre-European Maori village. And if your delegates are ready for pampering, soak tired minds and bodies in relaxing geothermal mud baths and natural hot springs.
